harpreet.suri@klgates.com

OVERVIEW

Harpreet Suri is the firm's chief technology officer. In this role, she is responsible for overseeing all of the firm's technology, IT security, and data on a global basis. She evaluates and implements new technology and tools, enabling our lawyers to serve clients efficiently and effectively. She also serves as a member of the firm's Management Committee.

PROFESSIONAL BACKGROUND

Prior to joining K&L Gates, Harpreet worked in senior level roles, leading large, global information technology teams. Her experience includes the legal, financial services, retail, and consulting industries across various countries.

EDUCATION

- M.B.A., The University of New South Wales, 2012
- B.S., University of Punjab, 2001
